

HATS OFF TO ONE UP GOLF

Even on cloudy summer day, the sun's rays are harmful, so it is important to cover up. A hat with a good brim will provide protection not only for your face and eyes, but also from the drying effect of the sun on your hair.

One Up Golf, the UK's premier quality mail order clothing company for lady golfers, offers a superb range of hats and accessories whether you are playing at home or planning an overseas golfing holiday.

New and exclusive to One Up Golf's accessories range this year is the Straw Push On Visor (GHA7047, £15), which is already a best seller, pictured left. Another exclusive One Up Golf design is the Raffia Visor (GHA6053, £20). This unique style of wraparound visor is soft and comfortable and the extra wide brim effectively shades your face from the sun. Both visors are especially popular as they will complement any summer outfit.

The Sunglass Cap (GHA6045, £15) is a fantastic idea that doubles as a hat and sunglasses! The peak on this novel cotton cap gives 100% UV protection. Seen here in red, it is also available in navy, khaki and blue. Fabulously stylish and fantastically effective, the Out of Africa hat (GHA4063, £17.50) has a wide brim to shade your face, air vents to keep you cooler and a Velcro fastener for a perfect fit.

A ball marker with a difference is the Magnetic Visor Clip (GAC5081, £15) which clips neatly on to your visor, cap, lapel or even pocket. Identified with the One Up Golf logo it can be removed easily and replaced after use, each time you need to lift your ball. In an attractive presentation box, it makes a lovely gift for men and women alike.
