

ONE UP GOLF SPRING COLLECTION OUT NOW

Forty eight pages of fabulous fairway fashions for lady golfers make up the 2006 Spring brochure from One Up Golf, the UK's premier mail order golf clothing company.

As always, quality fabric, contemporary design and attention to detail set One Up Golf clothing apart from the competition, bringing style to the golf course. The new collection is brimming with colour and includes all the most popular items as well as a wide selection of new products in sporty stripes, smart checks and floral prints. Stunning new tops include the Savannah Polo Shirts in short sleeve and sleeveless versions. Knitwear offers 100% cotton slipovers in soft summer shades and look out for the brand new Raffia Visor which completes a fantastic choice of headwear to protect you from the sun.

The range is beautifully coordinated with a wonderful array of matching accessories, from hats, gloves and belts to sunglasses, socks and shoes. There are lovely new colours in the best selling Kasco Fashion Fit Glove, a technically advanced pair of sunglasses called 3D Rose Modulator from Bolle and a new blue and white colourway in the ever popular Barbados golf shoes from Cotswold.

The new One Up Golf collection really has something for everyone. To obtain a copy of the 2006 Spring brochure call 0870 787 2011 or visit www.oneupgolf.co.uk.
